

DOING THEIR DUTY

Scores of Barre Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidney's duty. When they fail to do this, the kidneys are sick.

Backache and many kidney ills follow. Urinary troubles, diabetes, Doan's Kidney Pills cure them all.

Barre people endorse our claim.

L. H. Hooker, 101 Prospect street, Barre, Vt., says: "Since I first used Doan's Kidney Pills some years ago, I have recommended them to at least fifty people and have heard everyone who has used them give them a word of praise. I suffered for a long time from kidney complaint and my condition finally became so serious that I was worried. My back ached most of the time and an annoying kidney weakness existed. I used every remedy that was brought to my attention, but without deriving any benefit until I took Doan's Kidney Pills, procured at Drown's drug store. At that time I used five boxes and was benefited in a wonderful manner. I have since taken Doan's Kidney Pills off and on, and they have acted as a tonic to my kidneys, keeping these organs in a normal condition."

It will be recalled that Dorcas, a daughter of our well-known townsman of years ago, Josiah White, esq., married, lived and died in Lebanon, N. H. Presumably it was one of her daughters that recently was a guest of the Williamstown inn for a night, the result of trouble with an automobile.

If anyone doubts that our representative-elect, Aro A. Reed, would make a nice-looking portrait, let that one take a look at his face in the Williamstown Herald of this week. The man is 45 years old, a graduate of the state normal at Randolph in 1884, a schoolmaster of earlier days and has had a varied experience with men and horses.

The Grosvenor-Beckett Granite company has just placed a granite monument on the lot of the late John Adams, in our village cemetery. They are now laying the foundation for the monument that Frank O. Beckett of Washington, D. C., is to erect on the lot of his late father, William S. Beckett. We think this is to be perhaps the most expensive monument in the cemetery.

ALL YOUR STOMACH

TROUBLE VANISHES

Indigestion, Gas, Heartburn, Dyspepsia and Other Stomach Distresses Go and You Will Feel Fine in Five Minutes.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pope's Diapiesin and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy, or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a 50-cent case of Pope's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pope's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

TO A VT. INVENTOR

To Thomas Davenport, Who Invented the Electric Motor, Exercises Were Held at Brandon Yesterday.

Brandon, Sept. 29.—Close by the house once used as a blacksmith shop by Thomas Davenport, and where he made the experiments that resulted in the development of the electric motor, there was unveiled yesterday afternoon, a bronze tablet on the site of a granite monument to the memory of the Williamstown-born blacksmith, who gave the best part of his life to researches in electricity and who lived and died to prove that the present age might enjoy the fruits of his genius.

The inscription on the tablet reads: "In the memory of Thomas Davenport, 1802-1881, the inventor of the electric motor. Near this spot stood the building where he developed the invention. This tablet is placed here by the Allied Electric Association in honored recognition of the great service rendered mankind by the invention, to the development of which he devoted his life. Erected Sept. 28, 1910."

The tablet is erected at Forestdale, about three miles from Brandon village, and for several hours yesterday afternoon, there was a continuous stream of automobiles and other vehicles going in that direction.

C. E. Parker of Vergennes, president of Vergennes Electric association, presided at the exercises. The presentation of the monument to the Vermont Historical society was made by A. J. Campbell, president of the New England society of the National Electric Light association and former Governor W. W. Stickney accepted for the society, of which he is president.

AMUSEMENT NOTES.

Howe's Moving Pictures at Barre Opera House Next Wednesday.

As an illustration of almost everything one might encounter on a journey around the world, Lyman H. Howe's new program for the opera house on Wednesday evening, October 5, promises to surpass all expectations.

As is well known, this attraction is the only one of the kind that demonstrates the wide gap between the ordinary "moving picture show" and the value of pictures of life and action when chosen intelligently, reproduced artistically and presented perfectly in every detail. It has truly to be said that one uses the power that lies in animated photography to such good advantage as Mr. Howe.

His travel festival not only satisfies the love of travel, but is a real uplift. One leaves the theatre with an ever broader outlook on life in general after an evening of "travel with Howe." This is so because he believes the public prefers to be entertained by views artistic and novel, rather than vulgar and sensational.

As proof of the importance, novelty and originality of the features, it is necessary to mention only a few of the subjects on the new program, such as the king's funeral in London and Windsor, showing the kings, princes, field marshals, pontifices and dignitaries in attendance from all lands, including our own special ambassador, Col. Roosevelt. Then there will be a reproduction of the eruption of Mt. Etna, a ride up the Eiffel tower, the floods of Norway, through the Alps in winter, life on a training ship, constructing the Grand Trunk Pacific railroad, a Japanese jubilee, and many that are naturally humorous.

The hearing was continued until October 11 and bail, fixed at \$4,000, was furnished by General Halsey.

An inquest into the death of conductor Hollingshead will be held here on Friday.

"The Wolf" Coming.

Miss Paula Wilkes, the charming young actress in "The Wolf," at the Barre opera house, Thursday, October 5, devotes much of her spare time to mathematics, and especially to the kind that bears directly upon the science of navigation. Her interest in nautical matters has grown immensely since she bought her own yacht "The Wolf," and she is thoroughly conversant with the use of all the nautical instruments aboard and never tires in her reading of books on navigation and sea-faring life. Old Ocean charms her and she has been anxious to her several years ago, when at Monte Carlo, she and her mother were presented to the prince of Monaco, and when they became guests upon that millionaire's magnificent yacht "L'Expedition."

Irish Delegates Here.

New York, Sept. 29.—A delegation of well-known Irishmen arrived yesterday on the steamer Oceanic from Queenstown on mission to Washington.

SKIN SUFFERER SAYS

"IF I HAD ONLY KNOWN"

"If I had only known how quickly eczema can be cured, what long years of awful suffering it could have saved me," writes F. A. Will of 2508 Washington street, San Francisco, Cal.

This, after 40 years of suffering and after using just one bottle of the Oil of Wintergreen-Thymol D. D. D. Prescription.

Try at least a 25-cent bottle. To our certain knowledge, D. D. D. Prescription relieves eczema faster than any other medicine in the world. It is a relief inside of ten seconds!
